Submit an unconference proposal1!

Unconference proposal are 25 minute long talks which anyone can propose. This is your chance to present cutting edge developments or anything that did not make it into the normal schedule.

Talks will be selected and posted on the board at 16:00 on Friday, 13:30 on Saturday and 16:00 on Sunday.

You can propose talks or panels throughout the day and other attendees will add a vote to the ones that they would like to see. At the last break before the talk slot, the talks with the most votes will be selected and scheduled, so check the schedule board!
