

# LIBRE APPLICATION SUMMIT

SEPTEMBER 6<sup>TH</sup>–9<sup>TH</sup>

Parkside Mansion | 1859 York St. | Denver, CO

The Libre Application Summit (LAS) brings together developers, entrepreneurs, and Free and Open Source technology maintainers. Together we will discuss, debate, and create action plans around developing a mature application ecosystem for the Linux platform.

Are you an application or web developer, or curious about Free and Open Source technology? Join us at 2018 LAS for three days of talks, training, and workshops. Let's build a measurable market for the Linux platform and have fun doing it!
